

Alcorn

State University

WHY MTAG WORKS?

Mississippi doesn't have enough people ready for the workforce. By updating the Mississippi Tuition Assistance Grant (MTAG) to include max Pell eligible, part-time, and adult learners, the state can make college more affordable, build a stronger workforce, and help more working-age adults earn college degrees in support of the Ascent to 55% initiative with an expected 2:1 return on investment.

AN MTAG REVISION IS CRITICAL TO MEET THE WORKFORCE DEMAND AND BOOST ECONOMIC GROWTH IN LINE WITH MISSISSIPPI'S ASCENT TO 55% GOAL.

Your institution stands to benefit significantly from additional MTAG disbursements, driving educational attainment and economic growth in Mississippi. We need adult learners, part-time students, and the poorest of students qualifying for max Pell to be educated with a college credential of value and added to our state's labor participation rate.

2023-24 Actual MTAG	2023-24 MTAG Works
\$124,075	\$1,126,402

MTAG exclusions are limiting student options, and our workforce is suffering.

1 in 5 are Adults

Almost 18% of community college students and 23% of IHL students are adult learners.

1 in 4 are Part Time

About 36% of community college students and 21% of IHL students are enrolled part-time.

Max Pell Students

Approximately 34% of all state aid applicants qualified for max Pell.

No part time and no max Pell students are eligible for MTAG.

WHY MTAG WORKS?

Mississippi doesn't have enough people ready for the workforce. By updating the Mississippi Tuition Assistance Grant (MTAG) to include max Pell eligible, part-time, and adult learners, the state can make college more affordable, build a stronger workforce, and help more working-age adults earn college degrees in support of the Ascent to 55% initiative with an expected 2:1 return on investment.

AN MTAG REVISION IS CRITICAL TO MEET THE WORKFORCE DEMAND AND BOOST ECONOMIC GROWTH IN LINE WITH MISSISSIPPI'S ASCENT TO 55% GOAL.

Your institution stands to benefit significantly from additional MTAG disbursements, driving educational attainment and economic growth in Mississippi. We need adult learners, part-time students, and the poorest of students qualifying for max Pell to be educated with a college credential of value and added to our state's labor participation rate.

2023-24 Actual MTAG	2023-24 MTAG Works
\$299,100	\$1,551,919

MTAG exclusions are limiting student options, and our workforce is suffering.

1 in 5 are Adults

Almost 18% of community college students and 23% of IHL students are adult learners.

1 in 4 are Part Time

About 36% of community college students and 21% of IHL students are enrolled part-time.

Max Pell Students

Approximately 34% of all state aid applicants qualified for max Pell.

No part time and no max Pell students are eligible for MTAG.
